How did you find us? _____

Puppy: Breed _____ Sex _____ Colour _____ Puppy # _____ DOB _____

1st Vaccinations _____ 2nd Vaccinations _____ De-worming Program _____

Please be sure that someone checks on your puppy regularly (at least every 4 hours) if your puppy must be left alone for any reason. Motion sickness from the trip home or emotional upset from the change of environment may cause vomiting. Vomiting, soft stool, shaking and/or not eating or drinking can all be symptoms of stress. These should pass quickly. If not, these symptoms can lead to hypoglycemia, dehydration and lethargy. If your puppy shows any of these symptoms, please call us immediately at 519-273-7917 (store) and if there is no answer there; please call 519-271-8057 (home). If you do not call us, we cannot help you look after the puppy.

All of our puppies have been examined by a veterinarian and have received their first vaccinations. Further vaccination is required and is your responsibility and your cost. Until the puppy is fully vaccinated we encourage you to keep your puppy away from high-traffic dog areas such as public sidewalks and your front lawn, dog parks, kennels, pet store floors etc. You must arrange to have them examined by your own veterinarian within 3 working days. If your veterinarian discovers a medical reason for you not to keep your puppy, you may return it for a full refund along with a written explanation from your veterinarian. Superior Aquariums and Aviaries Inc. cannot be responsible for any veterinary costs; any costs incurred by all Veterinary examinations and or treatments are the responsibility of the owner. Failure to meet these conditions will automatically void this contract.

We also guarantee your puppy against life threatening genetic health problems for one full year. If this occurs a letter from your veterinarian along with test results and/or x-rays will be required and we will exchange your puppy (our choice) or refund your money in full (your choice). Superior Aquariums and Aviaries Inc cannot be responsible for any costs; any costs incurred are the responsibility of the owner. *All Sales Are Final.*

Ask your veterinarian about pet insurance. The purchase of a pet insurance plan will help with any unforeseen costs incurred. Often the first 30 days are free. Great for any budget.

The purchaser agrees that Superior Aquarium and Aviaries Inc. will not under any circumstances be held responsible for the payment of any veterinary charges relating to the present and or future health of the described puppy. We are also not responsible for any intestinal parasites (worms, Coccidia, Giardia) fleas and ear mites. Initials _____
